Director's Corner

I am sure you have heard someone say, "that was worth waiting for". Well, that can be truly said about our LSP meeting held on the 15th at the Dalton's ranch outside of Cleveland.

Because of the distance for many of us, the meeting was originally scheduled for late winter or early spring in order for more of us to drive our Packards. However, it had to be postponed 3 or 4 times due to Covid concerns.

This was our first face-to-face meeting in over a year and over 40 people and 5 Packards (counting the Dalton's car) showed up. Those of us who came from the south had a real obstacle course due to TXDot closing Highway 59.

Mary Ann and John were wonderful and gracious hosts as they treated us to a great Mexican buffet in the beautiful facility they built to house their collection. The location was spectacular with their home and car facility in a clearing behind a lake in the thick Texas "Piney Woods".
